

Description

CASA 230-PS is a versatile, water-based, clear acrylic co-polymer adhesive that is solvent free, low odor, contains no hazardous chemicals, for use with carpet tiles and carpet.

Advantages

- High solids, superior coverage
- Zero VOC
- Easy clean up
- Clear in color

Application

Surfaces must be clean and dry. Use a 1/16" x 1/16" x 1/16" square notch trowel. To use as a "wet-set", allow adhesive to set open for 5-10 minutes before installing flooring. To use as a pressure sensitive adhesive, allow adhesive to dry to the touch. Install flooring within 8 hours. Roll flooring material with a 75-100 lb. roller across the width and length. Avoid traffic for 12 hours after installation. Drying time will vary depending on the temperature, humidity. Clean up wet adhesive with CASA Quick Clean 6.

Packaging

- 5 gallon pails
- 55 gallon fiber drums
- 275 gallon disposable totes

Shelf Life

One year from the date of manufacture in unopened container.
