

CASA ADHESIVE, INC.

CASA QUICK CLEAN # 6

Directions For Use

- CASA Quick Clean # 6 must be diluted prior to use. **Do not use full strength.**
- Mix 4 to 6 ounces of Quick Clean # 6 to one gallon of clean water in container, bucket or spray pot.
- Mark container as diluted Quick Clean.
- Diluted Quick Clean can be used with a rag to clean over-spray from non-porous surfaces.
- Diluted Quick Clean is designed to clean spray equipment and fluid hoses.
- Put a diluted gallon of Quick Clean into the spray pot and spray the solution through the fluid hose and spray gun into an empty container. Then spray a gallon of clean water through the spray system, this is very important.
- Diluted Quick Clean # 6 containing a maximum of 6 ounces of concentrate per gallon of water can be disposed of down a sanitary sewer.
